

## TPC SOLVENT

ALL PURPOSE ODOURLESS SAFETY SOLVENT

**TPC SOLVENT** is a non-chlorinated, odourless highly refined petroleum-based solvent. It is specially designed to be used in immersion tanks at room temperature but is also recommended for manual and spray cleaning. **TPC SOLVENT** replaces varsol and other mineral spirits.

#### **FEATURES & BENEFITS**

- Odourless
- Low viscosity
- Complete evaporation
- · Low vapour pressure
- TLV level of 300 ppm
- · Aromatic solvent free
- Safe to use since its flash point is high and it does not release toxic vapours
- · Contains no chlorinated solvent
- · Leaves no residue since it evaporates completely
- Non corrosive
- Easy to handle and pump

## DIRECTIONS FOR USE

Equipment to be treated

Industrial parts such as: heavy machinery, electrical equipment, tools, in place machinery, machined parts, measuring tools, ball bearings.

Soils to be removed

Lubricating oils and grease, asphalt, ink, certain adhesives, etc.

Use procedure

Soak cloth or pad and scrub surface to be cleaned until free of deposits. It is not necessary to rinse. In certain cases, **TPC SOLVENT** may be used in immersion tanks in a recirculation system. It is not recommended to heat product in this case.

Concentration

As is.

Use temperature

Ambient.

**Dwell time/Operation time** 

Variable according to method used.

Mechanical action

Scrubbing recommended.

Rinsing

Not recommended.

Reuse/Recycling

Immersion or recirculating tank solutions are reusable.

#### **INCOMPATIBILITY**

Strong oxidizing agents

#### WAREHOUSING PRECAUTIONS

Keep containers tightly closed away from direct sunlight in a dry, cool and well-ventilated place

# AVAILABLE SIZES 12X150z 20L 120L 205L

#### **IMPORTANT**

Before using **TPC SOLVENT** always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

#### FIRST AID MEASURES

#### Eye contact

Rinse cautiously with water for several minutes. Call a physician if irritation persists. **Skin contact** 

Wash with plenty of water. If skin irritation or rash occurs, get medical advice/ attention. Take off contaminated clothing and wash it before re-use.

#### Inhalation

If difficulties occur after mist/vapors/spray has been inhaled, remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

#### Ingestion

Do NOT induce vomiting. Immediately call a POISON CENTER or doctor/physician.
