

TITAN II

LIQUID PRESSURE WASHER

TITAN II is a premium liquid pressure-washer detergent for powerful, hassle-free cleaning. **TITAN II** boasts a specially balanced formula that tackles heavy-duty truck wash applications while remaining gentle enough for the finest automobile finishes.

TITAN II is a versatile detergent concentrate. As a presoak and detergent, **TITAN II** shines in “touchless” carwash systems and wand-wash bays. **TITAN II** is also compatible with foamers. **TITAN II** delivers exceptional results in both hard and soft water environments. Car and truck wash operators with water-softening equipment enjoy greater performance at lower product concentrations.

FEATURES & BENEFITS

- Excellent on road film, bugs, windshield ‘eyebrows’, and road salts
- Highly active formula
- Formulated with STPP to sequester hard water minerals and disperse soils
- Produces rich, dense foam for efficient surface coverage
- Easy rinsing product
- Safe for all types of pressure washers
- Suitable for foamers, wands, and touchless applications in any car or truck wash
- Variable dilution rates for greater product flexibility

DIRECTIONS FOR USE

Use procedure	Use TITAN II as a presoak, detergent, and foaming soap in touchless and wand wash carwash applications in either soft or hard water environments.
Concentration	80:1 to 120:1 for foaming applications 200:1 to 500 for high-pressure spray
Use temperature	Can be used in both hot and cold-water cleaning applications. For best results, hot water (50°C – 60°C / 120°F – 140°F) and wand pressure of 1000 to 1200 PSI are recommended.
Rinsing	High pressure hot water is recommended.

PHYSICAL PROPERTIES

Appearance	Clear, green liquid
Odour	Mild detergent
Specific gravity @ 20°C	1.020-1.040
Viscosity	Not available
pH	12.0 – 13.0 (10 % v/v in water)
Flash point (TCC)	None
Water solubility	Complete
Boiling point	Approx. 100°C (212°F)
Freezing point	Approx. 0°C (32°F)
Foaming tendency	High
Rinsing	Excellent
Concentration monitoring techniques	Electrical conductivity, titration

INCOMPATIBILITY

Strong oxidizing agents, acids

WAREHOUSING PRECAUTIONS

Store away from incompatible materials
Keep from freezing

AVAILABLE SIZES

			
20L	115L	205L	1040L

IMPORTANT

Before using **TITAN II** always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Ingestion

Do not induce vomiting unless directed by medical personnel. Rinse mouth with water and drink 1 or 2 glasses of water and call a POISON CENTER or doctor/physician immediately.

Skin contact

Take off contaminated clothing and rinse skin with plenty of water. Get medical advice/attention. Wash any contaminated clothing before re-use.

Inhalation

If difficulties occur after mist/vapors/spray has been inhaled, remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician.

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a POISON CENTER or doctor/physician immediately.
