

TRAILSHINE

HEAVY-DUTY ACID CLEANER

TRAILSHINE is a concentrated acid cleaner designed for cleaning and brightening heavily weathered aluminum and polished aluminum surfaces as well as for removing thick oxide and scale build-ups from various metals.

FEATURES & BENEFITS

- Leaves a shiny finish on aluminum, without whitening aluminum
- Biodegradable ingredients
- Pleasant odor

DIRECTIONS FOR USE

Technique

Use **TRAILSHINE** as part of a low- or high-pressure application prior to a full wash procedure. Most effective when used with soft water. For best results, scour or brush surfaces. For low-pressure applications, such as canister-spraying, dilute between 2-4% v/v with water. For high-pressure applications, dilute at a maximum of 1.25% v/v with water. Not recommended for use at full concentration. Cold water is recommended. Low temperature, high-pressure application and rinsing recommended for removing stubborn deposits. Rinse with high pressure water.

TRAILSHINE HEAVY-DUTY ACID CLEANER

PHYSICAL PROPERTIES

Appearance	Clear, colorless liquid
Odour	Faint detergent
Specific gravity @ 20°C	1.15
Viscosity	Not available
pH	<1
Flash point (TCC)	None
Water solubility	Complete
Auto ignition temperature	None
Chlorine	None
Boiling point	100°C
Freezing point	Not available
Foaming tendency	Moderate
Concentration monitoring techniques	Titration
Rinsing	Excellent

INCOMPATIBILITY

Bases, organic materials, light metals, bleach

WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

AVAILABLE SIZES

		
20L	205L	

IMPORTANT

Before using **TRAILSHINE**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician

Skin contact

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.
