

VAP AM

All-in-one amine-based product for steam boiler water treatment

FEATURES & BENEFITS

- ▶ Simplifies make-up water treatment
- ▶ Prevents scale formation and oxygen absorption
- ▶ Contains a volatile amine for condensate treatment
- ▶ Non-foaming

VAP AM is an all-in-one product for the treatment of steam boiler water and condensate systems. It simplifies operations by reducing the need for multiple separate products. When used at recommended dosages and in accordance with monitoring guidelines, **VAP AM** effectively protects steam boilers against oxygen, scale formation, and corrosion in steam lines.

Direction for use:

Inject the product according to results of alkalinity and sulfite analyses in the boiler water.

The dosage of **VAP AM** depends on the characteristics of water (hardness, conductivity, overall water quality).

VAP AM

All-in-one amine-based product for steam boiler water treatment

Appearance	Clear, colorless to yellowish liquid
Odour	Light
Specific gravity @ 20°C	1.19-1.20
Viscosity	<10 cps @ 20°C
pH	>13.0
Flash point (TCC)	None
Water solubility	Complete
Auto ignition temperature	None
Boiling point	100°C
Freezing point	-9°C
Foaming tendency	Non-foaming
Concentration monitoring techniques	Hardness, alkalinity, chlorides, sulfites, conductivity, condensate pH
Rinsing	Excellent

INCOMPATIBILITY

Acids, hypochlorites

WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place.

AVAILABLE SIZES

		
24Kg	245Kg	

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

Skin contact

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

Inhalation

Remove person to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.

PERSONAL PROTECTION

WHMIS

Refer to the product Safety Data Sheet (SDS) for all properties.
