

Presoaks

	Products	Description
One Stage	AS Liquid	A high pH, high alkalinity presoak effective for high volume debris on the vehicle body and for hard water conditioning. Also useful in single-stage foaming applications.
	AccuBerry	A high pH, high alkalinity scented and dyed presoak effective for removing road film, greasy soils, and bugs while providing high quality aesthetics to the cleaning experience.
	AccuTerge Tech 52	Multi-surface safe presoak effective across a wider range of vehicle wash systems while meeting all common vehicle cleaning requirements.
	Bug Zapper	A high pH, low alkalinity presoak effective for safe multi-surface cleaning ranging from bug removal on the vehicle body or windows to brake dust on tire rims.
	Cyclone	A high pH, medium alkalinity presoak effective for removing stubborn exterior debris on the vehicle body including road dust, bugs, brake dust, and light greases as well as for mild hard water conditioning. Also useful in single-stage foaming applications.
2 Stage Low pH	Foamy Step One	A low-foaming organic acid presoak compatible with water recycling systems.
2 Stage High pH	AccuTerge Tech 20	The companion step to FOAMY STEP ONE with fast-breaking foam. May also be used as a single-step alkaline presoak in more conventional vehicle wash settings.

Detergents

	Products	Description
Concentrates	DuoPower	A low foaming, powdered concentrate for building alkalinity and water conditioning in concentrate mixing systems.
	DuoTech B1	Liquid builder concentrate designed to be used in combination with DuoTerge .
	DuoTerge	A scented, high-foaming, near-neutral pH detergent concentrate to be used in combination with DuoPower or DuoTech B1 or alone as a presoak in concentrate mixing systems.
Shampoos	AccuTerge Tech 70	A premium high pH, phosphate-free cleaner and water conditioner. Effective across a variety of vehicle wash demands and application methods while suitable for use in water recycling systems.
	Evergreen Liquid Plus	A high pH, high alkalinity product for effective conditioning of hard water sources and rapid removal of various soils and grime from the vehicle exterior. Also effective in single-stage foaming applications.
	HyTech 2000	A medium alkalinity, multi-surface safe cleaner and water conditioner. Compatible with bacteria-based waste water treatment additives.

Foambrush/TriFoam

Products	Description
AccuFoam	A cherry-scented foam-boosting product that provides an aesthetic foam color and scent as well as added detergency in manual brush applications.
TruFoam Red-Blue-Yellow	Tri-color product system for Tri-foam conditioning or cleaning. Also effective in tri-color presentation in manual brush applications.

Rinse Aids/Waxes

Products	Description
AccuShine Cherry	A cherry-scented automotive finishing wax and rinse-aid designed to promote water beading and prevent water spotting on vehicle exteriors. Also effective in final-stage foaming applications.
Bubble n Shine	A clear coat conditioner designed to be used alone or as part of a procedure to rinse foaming polishes and impart a second layer of protection. Also an effective finishing product for tire or glass treatment.
Ultra Cherry	A cherry-scented finishing wax designed to impart a higher shine and level of surface protection to vehicle exteriors.

RESEARCH *and development...*

With over 100 years of manufacturing and product development experience, West Penetone Inc has developed and patented a number of products designed to satisfy the needs of its numerous clients throughout the world. Whatever cleaners, degreasers or decontamination products may be required, we offer a broad range of products that meet the highest standards of safety and efficacy.

Concerned as we always are about environmental impact, we have introduced a new line of "green" cleaners and degreasers recognized by Environment Canada and displaying the EcoLogo.

Looking for a product to meet a specific need?
Our team of experts can develop products that will answer your requirements.

Implementation of chemical application procedures by our technical team allows you to carry out your cleaning operations while ensuring a safe environment.
