

WEDAC

Foaming acid cleaner

WEDAC is a high foaming acid descaler. It is designed to remove scale on food and beverage processing equipment.

WEDAC can be applied to surfaces where cleaning by circulation is impossible.

WEDAC is also effective on oxidized aluminum to restore its shine.

FEATURES & BENEFITS

- · High foaming
- Water dilutable
- Mild odour
- Easy to apply with automatic foaming equipment.
- Its foam clings to surfaces allowing a longer contact time even at low concentration
- Heavy duty

DIRECTIONS FOR USE

Equipment to be treated Stainless steel, aluminum or plastic surfaces.

Soils to be removed Mineral deposit, limestone, magnesium, iron and rust.

Use procedure Apply manually or with appropriate foaming equipment.

Concentration 0.1% to 10% (1 to 100 ml/l) according to degree of soil.

Use temperature Between 10°C and 60°C (50 to 140°F).

Dwell time/Operation time Between 3 and 25 minutes.

Mechanical action Scrubbing recommended.

Rinsing Rinse with potable water.
