

WESCODYNE®

IODINE BASED SANITIZER

WESCODYNE is an iodine-based sanitizer specially formulated as a hand and boot dip in the food processing industry.

WESCODYNE is very effective on most pathogenic microorganisms.

WESCODYNE gives a brown coloration to its solution to indicate its presence. Product must be added when solution fades.

DIN 02012359

FEATURES AND BENEFITS

- High foaming at low concentration
- High level of tamed iodine
- High foaming when agitated
- Mild on hands
- Fast microbiocidal action

DIRECTION FOR USE

Equipment to be treated	Disinfect the hands of personnel working in food processing areas by soaking in a basin containing an iodine solution.
Soils to be removed	All microorganisms responsible for food poisoning and infections, as well as the organisms responsible for food degradation. These are generally bacteria, molds and yeasts.
Use procedure	Prepare a cold or warm solution of WESCODYNE and place near employees' workstations so that they may dip their hands regularly without having to leave the area. It is recommended that employees lightly scrub their hands after soaking. Replace solution approximately every 4 hours or when the brown colour has disappeared or faded.
Concentration	Dilute 33 ml of WESCODYNE per 20 litres of water to obtain 25 ppm of titratable iodine.
Temperature	Between 15°C and 30°C.
Dwell time/Operation time	None.
Mechanical action	Rub hands together after dipping.
Rinsing	Not required.
Reuse/recycling	Verify the iodine concentration approximately every 4 hours and replace solution every 8 hours.

WESCODYNE® IODINE BASED SANITIZER

PHYSICAL PROPERTIES

Appearance	Clear, brown liquid
Odour	Odorless
Specific gravity @ 20°C	1.03
Viscosity	Not available
pH	2
Flash point (TCC)	None
Water solubility	Complete
Auto ignition temperature	None
Chlorine	None
Boiling point	100°C
Freezing point	Not available
Foaming tendency	High
Concentration monitoring techniques	Titration
Rinsing	Excellent

INCOMPATIBILITY

Strong alkalis

WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

AVAILABLE SIZES

			
4 X 4L	20L	205L	

IMPORTANT

Before using **WESCODYNE**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

Skin contact

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.

PERSONAL PROTECTION
