

# WESTOSAN Cleaner / disinfectant

**WESTOSAN** is specially formulated to manually clean and disinfect surfaces of food processing equipment.

**WESTOSAN** is safe for user and on surfaces and soft metals such as aluminum.

## FEATURES AND BENEFITS

- Moderate alkalinity
- Quaternary ammonium sanitizer
- Odourless
- Economical
- Fast and effective biocidal action on a wide variety of microorganisms such as bacteria, yeast and mold

### DIN 02012316

### DIRECTION FOR USE

Equipment to be cleaned	All food processing surfaces, areas and premises. All areas requiring cleaning and disinfection at the same time.
Soils to be removed	Deposits from animal or vegetable sources.
Technique	Physically remove visible debris such as pieces of meat. Apply a hot solution of <b>WESTOSAN</b> with a manual sprayer, pad or mop. Scrub surface then rinse with hot water with a hose, mop or cloth.
Concentration	1% to 5% (10 ml to 50 ml / litre).
Temperature	15°C to 60°C (59 to 140°F).
Dwell time/Operation time	1 to 20 minutes.
Mechanical action	Scrubbing or high-pressure rinsing are recommended.
Rinsing	Rinse food contact surfaces with potable water.
Reuse/recycling	May be reused if used in immersion tanks.

### PHYSICAL PROPERTIES

Appearence	Clear, blue liquid	INCOMPATIBILITY	
Odour	Detergent	Strong acids	
Specific gravity @ 20°C	1.05		
Viscosity	12 cps @ 22°C	WAREHOUSING PRECAUTIONS	
рН	11	Keep containers tightly closed in a dry,	
Flash point (TCC)	None	cool and well-ventilated place	
Water solubility	Complete		
Auto ignition temperature	None	AVAILABLE SIZES	
Chlorine	None		
Boiling point	100°C		
Freezing point	Not available		
Foaming tendency	Moderate	4 X 4L 20L 205L	
Concentration monitoring techniques	Titration, refractive index		
Rinsing	Excellent	Food and beverage industry FREE	
		industry	

#### IMPORTANT

Before using **WESTOSAN**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

# FIRST AID MEASURES

#### Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/ physician.

### Skin contact

Rinse skin with water. Wash contaminated clothing before reuse.

### Inhalation

Not applicable.

### Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.
