

WESTPHOS L-110

IRON PHOSPHATE CLEANER COATER

WESTPHOS L-110 is specifically formulated to meet today's need for an economical, easy to use cleaner and phosphatizer as a single component liquid, combining superior rinsing properties to give a uniform, streak free surface with no powdering.

WESTPHOS L-110 is a concentrated liquid formulation that only requires dilution before using. No messy weighing to simultaneously clean and phosphatize both aluminum and ferrous metals.

WESTPHOS L-110 produces uniform, complex bluish gray phosphate coating on steel, preparing and assuring excellent paint adhesion surfaces. The iron phosphate coating weight is in the range of 325mg - 650mg per square metre (30-60mg per sq. ft.).

FEATURES & BENEFITS

- Versatile
- Rapid soil penetration
- Free rinsing
- Concentrated
- Easy to use
- Non-streaking

DIRECTIONS FOR USE

Use procedure	Can be used through either steam or pressure washer equipment and in most cases, no rinsing is required.
Concentration	1% to 3% solution.
Use temperature	Between 55°C and 100°C.

WESTPHOS L-110 IRON PHOSPHATE CLEANER COATER

PHYSICAL PROPERTIES

Appearance	Clear, colorless liquid
Odour	Faint detergent
Specific gravity @ 20 °C	1.06
Viscosity	Not available
pH	2.8
Flash point (TCC)	None
Water solubility	Complete
Auto Ignition Temperature	None
Boiling point	100°C
Freezing point	Not available
Foaming tendency	Moderate
Rinsing	Not applicable
Concentration monitoring techniques	Not applicable

INCOMPATIBILITY

Bases, bleach

WAREHOUSING PRECAUTIONS

Keep containers tightly closed away from direct sunlight in a dry, cool and well-ventilated place

AVAILABLE SIZES

			
	20L	205L	1000L

IMPORTANT

Before using **WESTPHOS L-110**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

Skin contact

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.
