

WESTRIP V-120

HEAVY-DUTY OVEN CLEANER

WESTRIP V-120 is designed to remove carbonized and other baked on deposits from conventional or convection ovens, rotisseries and other equipment found in food processing plants.

WESTRIP V-120 is an extremely powerful product which acts fast on carbonized deposits with a minimum of scrubbing.

FEATURES AND BENEFITS

- Gelatinous liquid
- High alkalinity
- Contains a high concentration of quality wetting agents
- Use cold
- One application is usually enough to remove all deposits

DIRECTION FOR USE

Equipment to be cleaned	Ovens, rotisseries, small smokehouses.
Soils to be removed	Carbonized and protein deposits that are baked or dried on, cooking oils and greases.
Technique	Apply product to cold surface with a plastic pad or paintbrush with polyester bristles. Allow to dwell for a few minutes then scrub with a pad and rinse with hot water using a pad or wet cloth. Repeat operation if soils are stubborn. <i>NOTE: Avoid using WEST V-120 on hot surfaces since it evaporates quickly leaving undesirable chemical residues. Also, avoid using paintbrushes with conventional bristles.</i>
Concentration	As is.
Temperature	Ambient.
Dwell time/Operation time	5 to 15 minutes.
Mechanical action	Scrubbing with pad or cloth, after dwell time, is usually enough.
Rinsing	Rinse with hot water, using a pad or wet cloth.

WESTRIP V-120

HEAVY-DUTY OVEN CLEANER

PHYSICAL PROPERTIES

Appearance	Thick, light brown gel
Odour	Faint solvent
Specific gravity @ 20°C	1.24
Viscosity	> 2000 cps
pH	> 13.5
Flash point (TCC)	None
Water solubility	Complete
Auto ignition temperature	None
Chlorine	None
Boiling point	100°C
Freezing point	Not available
Foaming tendency	High
Concentration monitoring techniques	Not applicable
Rinsing	Very good

INCOMPATIBILITY

Strong acids

WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

AVAILABLE SIZES

			
4 X 4L	20L	205L	

IMPORTANT

Before using **WESTRIP V-120**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

Skin contact

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.

PERSONAL PROTECTION
