

X-CEL SPOT FREE

AUTOMATIC DISHWASHING LIQUID RINSE AID

X-CEL SPOT FREE is a carefully formulated rinse line additive designed to give the finishing touch needed on well washed glassware, flatware and china.

It eliminates water spotting, helps for rapid, streak-free drying and gives you the degree of perfection you constantly strive for.

FEATURES AND BENEFITS

- Eliminates water spotting
- Helps for rapid streak-free drying
- High performance product

DIRECTION FOR USE

Technique

As a rinse additive in all makes and types of dishwashing machines and through all forms of injectors, **X-CEL SPOT FREE** may also be added to the final rinse sink of a three sink, hand dishwashing operation, to produce a spot free finish to flatware, glasses, pots, pans and dishes.

Concentration

Use 24 - 35 PPM in final rinse water.

X-CEL SPORT FREE AUTOMATIC DISHWASHING LIQUID RINSE AID
